

Album of **live, instrumental, original New England**-style dance tunes written by Hope Hoffman, recorded by Hope with Kittlish (www.kittlish.com).

"**Pure New England fiddle music, proud of its rural past, relishing the present ... the feeling of a warm kitchen above a well-stocked root cellar ... The performances are inviting, warm, energized and straight ahead, with a bit of mischief thrown in.**"

- Greg Boardman, www.bowandstring.com
